Rock and Roll Fantasy

I've spent countless hours in furniture stores and online searching for my dream dining room table. Many months ago I had a vision of what this table would look like, and then I opened up *In Style* and saw it in

Carmen Electra and Dave Navarro's house ["The Bold and the Beautiful," April]. Where did they buy it?

The table you visualized is 10' x 42", custom-made of white onyx and oak by Velvet Hammerschmidt Design. You can control a lighting channel in the base of the onyx to give it a white, red, blue or green glow. The leather-

and-maple chairs are by A. Ruden (both sold to the trade only, price available upon request; at Velvet Hammerschmidt Design, 310-401-6117).
